

AUSTIN CANCER CENTERS
Experienced specialists. Advanced treatment. The standard for compassionate care.
GEORGETOWN CANCER CENTERS

March 04, 2014

To prospective patients of Rocco Bruno and Regenes Health,

I am writing a letter in support of Regenes Integrative Health and Rocco Bruno. Mr. Bruno recently treated one of my patients with colon hydrotherapy during the course of his chemotherapy and radiation therapy. The patient was having difficulty with constipation related to his treatment and pain medications. I initially sent my patient to Mr. Bruno for constipation relief; however, I was pleasantly surprised at some of the secondary benefits of this therapy. It greatly altered my patient's outlook and helped him get through a difficult portion of his radiation and chemotherapy. Again, this was above and beyond the benefits of relieving his constipation. My patient continued to use the colon hydrotherapy throughout the course of his treatment and seemed to be greatly benefited from this.

I was so impressed with Rocco Bruno's care of my patient that I asked to write a letter in support of his practice.

Sincerely,
